

Application No. 10/077,086
Response to Office Action

Customer No. 01933

R E M A R K S

Reconsideration of this application, as amended, is respectfully requested.

The Examiner's indication of the allowability of the subject matter of claims 1-5 is respectfully acknowledged.

Claim 1 has been amended along the lines suggested by the Examiner to clarify that a temperature sensor is provided in the single wedge shaped casing, as required by the Examiner. For example, as shown in Fig. 1 and described in the specification at page 6, lines 2-4 and 19-23, a temperature sensor 30 is provided in the single wedge shaped casing.

No new matter has been added, and no new issues with respect to patentability have been raised. Accordingly, it is respectfully requested that the amendment to claim 1 be approved and entered, and that claims 1-5 be allowed.

If the Examiner has any comments, questions, objections or recommendations, the Examiner is invited to telephone the undersigned for prompt action.

Respectfully submitted,

/Douglas Holtz/
